TAKE
THE
LEAD

In the foreground, a boy in a white shirt is seen from the back, also with his hand raised. The text 'START RIGHT' is overlaid in large, bold, dark blue letters.

WHAT AMC CAN DO FOR PREP SCHOOLS

Studies show that excellence in Prep education
can set up holistic skills in children.
For life.

AMC help Prep SMTs identify fundamental
cornerstones to underpin good, holistic education.

HOW AMC SUPPORTS NEW HEADS

Recognising key social and practical ways to improve can sometimes be difficult to see, when looking from the inside out...

Our governance strategists are ex-heads. They've sat where you are sitting. They've been through it and experienced some of the challenges that you are facing.

Trust in the knowledge that our support is tried and tested.

LOOKOUT GLOBAL OUTLOOK

INTERNATIONAL IS OUR MIDDLE NAME

We're global thinkers. We can't help it.

AMC helps UK schools be outward looking, and helps international schools find their place on the global education map.

Even if you are a global education destination, we believe in keeping your unique culture at the heart of your school.

Inset.
Tailor made.
Every time.

It is important that your inset leverages maximum benefit to your staff in the precious time available.

AMC can tailor the perfect half or full day inset session for your team.

**ALWAYS

FEEDING YOU FEEDBACK

A 360 DEGREE VIEW

We provide schools with the toolkit to take the metaphorical temperature of a range of stakeholders including parents, staff, pupils, alumni, and prospective parents.

With tailored surveys we spot trends to draw out themes.

AMC IS A MEDIATOR

Schools can be the subject of scandal.

There. We said it.

Crises, drama, conflict, disputes - no more elephants in this room.

Our conflict-resolution and mediation specialist service is anchored in the education sector, designed to help everybody through disputes in the smoothest possible way.

DON'T TAKE OUR WORD FOR IT

Brendan Law
Director General, MISK Schools

"I am happy to endorse AMC unreservedly for all your recruitment needs, especially at senior leadership level, but also if you are seeking a bespoke, personalised service tailor made to your exact teacher needs.

AMC's attention to detail, knowledge of our school, thoroughness of the individual searches and the background checks in advance of and following successful interviews led to first rate appointments."

Trevor Rowell, Chairman, COBIS

"AMC is a longstanding Supporting Member of COBIS, providing specialist consultancy and leadership search and recruitment. It is a leader in its field.

I've had the privilege of observing AMC's services for several years to many schools of quality - both UK independent and also British overseas schools. I know from personal experience and also from reports and feedback from its clients that its services are highly praised and valued.

They are, I believe, distinguished by personal and professional care, experience, integrity and reliability and an excellent understanding of the networks and circumstances in which such schools operate.

They undoubtedly provide good value. For these reasons, I am pleased to endorse and to recommend AMC's work warmly and without reservation."
